REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the prior art of record, alone or in combination, teaches a fuel pump nozzle drip prevention method

wherein said adapted fuel conduit has an inner surface that defines a simple closed curve and a conduit axis, and

wherein said fuel drip prevention valve element comprises a first fuel obstruction element that is rotatable about and attached at a first chord of said simple closed curve.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

New corrected drawings are required in this application because the current Figures are hand drawn and should be formally drawn according to 37 CFR 1.84. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
